Arite. I don't lie – and/or tamper with things like this... who are these Zucker people anyway?

Are they in jail? Prison?

They don't respond... **ever** - since I tried to enjoin them ...

Wtf...

The person in 2BR is once again causing commotion. He has slammed his door repeatedly, started hammering, and he is running some machine in there that is making my walls vibrate. He did it last night and it was still going when I woke up this morning. To be honest, I can't tell if it's music or a machine but it's disturbing nonetheless.

He has been slamming his door over and over again all morning and I can't sleep, this is so unfair.

Looks like the police came. Hopefully there is no retaliation from 2BR and we can get through this heat wave without more of his nonsense.

I recommend checking the courtyard cameras for around this time. I heard him exit the building and then he was outside for a few minutes making a whole lot of noise in the courtyard.

Following his creepy email to me, "Bo" Dincer has continued to blast music at unreasonable volumes and slam his door with excessive force so that my shelves shake (3 AM this morning, cost me hours of sleep). I'm really tired of writing these emails but it seems like no matter how many lawyers talk to him he has no interest in behaving at all.

Bo Dincer is once again playing his music at an unnecessarily high volume such that my walls and floors vibrate. I am going away for the weekend and hope I will not have to send another email until I return. Similarly, I hope he doesn't destroy the building in my absence.
