For absolute transparency on this matter,

That's this Friday, June 3rd

Just in case there was any confusion or some far fetched excuse for any further obstruction, appeal or any nonsense.

This is about the same amount of notice I was provided and with a threat to be incarcerated and held in contempt of court for not responding to an “emergency request” by the Zucker family. We documents together and at any time if you would all prefer the long form, as the index herein attached suggests.

Thank you again and in advance for mitigating the risk of those ill advised counselors in this matter; both to Miss Hochul and also Mayor Adam’s for your oversight on this.

Attached here are the relevant documents for convenience and ease of reference.

You can open the PDF and hit those links, or alternatively enjoy the summer hitting the links; I did annex my statement and with justifiable cause, have not change my position as to  
**NOT CEASE AND DESIST UNTIL I HAVE BEEN AWARDED FOR THE OPPORTUNITY COST, harassment, violation of privacy, breach of contract, and as stated prior:**  
**ALL RENT AND SECURITY REFUNDED, and my WEIGHT in GOLD ( about 170 LBS )**

This is a non-joinder and a victory by default for me, and requires no further continuance, unless that is what you prefer or feel is a better option.

That’s what the judge asked for, and in turn; that is what I provided, and in an orderly fashion.

Most respectfully,

Thank you Kiana for your email.

**ATTN: Clerk McKenzie,**

Please ensure this gets to the Honorable Judge in the matter of 153974/2020 as quickly as you got Shari's letters to him during those proceedings.

I thank you again and in advance, Governor Hochul, for your divine intervention. I look forward to bringing this matter to a closure and sealed for the greater benefit of all parties involved. I already have filed all substantive information and have notified the material parties, hence it would be another waste of both State and City funds to further litigate or contest a non-joinder in my favor any further. It only will further add to the gross negligence of risk and avoidance to prosecution of the law as evidenced in the matter of NYSCE 153974/2020.

At roughly 170 lbs as of current, plus the rents at 2395 for twelve months and one month of security total is what I requested, and per the Judge's instruction:  
— as soon as possible without a time limitation.

Thankfully, I just completed by studies at Columbia University and had the time to think about how I can make this amiable to all parties and in short form.

**I agree to seal the case and will provide a notarized letter affirming the same upon receipt of the order and once funds are cleared in my account thereafter.**

Attached here for convenience, and for consideration are the links and information to introduce matters if a continuance; if that is what is preferred by the State Courts, Sullivan LP, et. al.

I need to get back to work I and I should not have to be dealing with this gross negligence to procedure and obstruction of my life any further.

All of the information is already filed and in the public matter of NY Supreme 153974/2020 as stated, I will stop by 60 center street this coming Friday to pick up the judges orde some point in the afternoon, and will act accordingly.

Most sincerely,

Baris Dincer

Thank you again Mayor Adams for reviewing my letter as well.

P.S.

You can open that PDF and hit those links, or alternatively enjoy the summer hitting the links; I did annex my statement and with justifiable cause, have not change my position as to

**NOT CEASE AND DESIST UNTIL I HAVE BEEN AWARDED FOR THE OPPORTUNITY COST, harassment, violation of privacy, breach of contract, and as stated prior:

This is a non-joinder and a victory by default for me, and requires no further continuance, unless that is what you prefer or feel is a better option.

-BD.  
Begin forwarded message:

I modestly requested a full refund for the unlawful rent, security deposit and for the violation of my sanctity and privacy while I was filmed, photographed and without knowledge or consent - punitive damages.

hence the judge asked me to request what I wanted at my convenience and without any limitation on timing due to the nature of unusual and deplorable conduct by the attorneys in those proceedings, who also violated the NY Supreme Court and its procedures.

For punitive damages, I requested my weight in gold to ensure this type of behavior never would happen again. I need to get back to work and stop worrying about these stalkers of my life who continue to cause me an opportunity cost, daily, as I waste a great deal of time tracking these overachievers who decided to disappear once I moved out.

If you'd like closure in short form, I recommend that you take my advice in this respect and this time, make sure this information gets to the judge, Clerk McKenzie.

With respect to the risk of litigating in long-form, and to bring all matters to a closure in a short-form, make sure this gets to the judge in a timely fashion clerk McKenzie.

Thank you.

As you are well aware, I am a man of my word — and I thank the Governor Hochul for her divine intervention in this respect.

If you'd like to look closer into these attachments and decide otherwise, I have nothing else to say.

You can open that PDF and hit those links, or alternatively enjoy the summer hitting the links; I did annex my statement and with justifiable cause, have not change my position as to

I need to get back to work anyways and I should not have to be dealing with this gross negligence to procedure and obstruction any further. All of the information is already filed and in the public matter of NY Supreme 153974/2020 so like I said, I'll just review the judges orders on Friday when I can get over to 60 center street and I will act accordingly.

HERES THE NOTICE AND THE ACTION:

in the ticker STFGX, no action by the brokers; just Omission and unfair dealings as seen in the reduced promotional sales of subscriptions as reported to the Securities and Exchange commission.

I filed the TCR complaint on November 13th and provided it to State Farm's brokers at Morgan Stanley on:

December 18th, 2021

Sunday, the 18th of December 2021—  
Here's what happened that week, the only information available to the public is a change in the share value of The State Farm Growth Fund: STFGX.

Most importantly. This was filed during the period of merger, and obstructed,  
- perhaps overlooked as well.

**Saturday, November 13th, 2021**

**Tuesday, November 16th, 2021**  
- Ample time for notice and evaluation to the material parties of legal matters to State Farm and its Mutual Funds.

/BD

Should have been settled back in 2020, which I'm about to find out. As I need to see speak with the Judge with respect to his orders in the following the non-joinder.

Letter of Credit, and Notarized on May 11, 2020

There's the tax obligation I was worried about, for State Farm's policy holders and investors.

That's a \$6 million investment and if you look at the return, it is astronomically unpredictable. Especially since this one here is for 117 Sullivan street, which contains the underlying tax risks of only 22 of 144 units (apartments) transferred to State Farm and their obligation at ANY MOMENT to assume that Risk of being held accountable for the taxes on all 6 properties, with the invocation of fraud also impacts the top line with an additional penalty of 70 percent on TOP of what is owed in arrears.

Mr. Moore,

Judith Craig from the FDIC reached out and pointed out to Morgan Stanley as the brokerage arm with respect to this matter and in April. To no avail, have not responded and continue in their dealings without concern, even write research reports for your competitor [BRK-B] while collecting premiums for selling shares on a “part time” basis for you and yours.

At this point, I don't expect the FDIC to review any of this directly – however I thank them for the guidance. The material party, as instructed by Miss Craig, has failed to respond to any substantive request to myself and also to your own Auditor, as filed with the Securities and Exchange commission.

In a separate message, Mr. Moore (State Farm) did reach out to me and I attempted to schedule a call, I also emailed a conglomerate of State Farm’s advisors and representatives who have failed to return or respond to my email, and despite the risks which are in fact a growing liability of State Farm on a daily basis. I believe there is a certain "conflict of interest", or a lack of understanding — which unfortunately is something that may come back to the FDIC and without further clarification from State Farm with respect to my position and during the period of my residency.

I reached out to you in August of 2020 and solely based on what was reported in State Farm's SEC filings and also with the New York City Department of Finance. This was to avoid a certain deterioration to the Assets held by State Farm, hence I must insist and warn you in advance — that any gross neglect as seen in the posthaste filings under the advisement of your brokers can and should be avoided.

In this instance, and without any “demand” for payment on my part, on the basis of the "frequency of penalties which are

known" infractions by State Farm; historically are outweighed by the severity and consequences suffered by certain third party service providers – namely in their unfair dealings, neglect, and ethical procedures.

The Violation of Privacy issues are known by the executives and directors of Sullivan Properties LP, Morgan Stanley, notwithstanding the counselors and affiliated companies of the Zucker Organization. It is important that I speak with someone at State Farm to avoid a certain conflict, solely on the basis of the contractual obligations filed with the New York Department of Finance. Those omissions I have discovered as reported to the Securities and Exchange Commission have created a paper trail of old and new investors that are invited, however bereft of the underlying risks prior to purchasing subscriptions in your umbrella of Mutual Funds.

The extent of liability, and with my sole reliance on the provisions presented to Donald Zucker in writing on the 11th of May by “State Farm Realty Mortgage LLC”, as 'FIDELITY' of the State Farm Assurances Funds Trust —was and is reported by several Directors of both the “Investment Adviser” and “Broker Dealer” and under the new Advisers Investment Trust.

This was executed under the former 'State Farm Assurances Funds Trust' in fiscal year 2020 and as of current is NOT understood as a substantive risk, and is not reported. Which is the reason why it is important that you make arrangements to speak with me as soon as possible.

This artifact (“50074”) was notarized and by its managing agent “State Farm Life Insurance Company”, was filed while I resided at 111 Rear Sullivan Street, New York, NY, 10012. The degree of negligence and understanding by those counselors is deplorable as seen in the proceedings initiated by Sullivan Properties LP, however I can assure you this again a good faith attempt by myself to help you understand and explain to you where the omissions, obstruction, and conduct as exemplified by Morgan Stanley’s involvement is also reciprocated in the dictum of Pricewaterhouse Coopers.

As it stands, you own the rights to the leases and rents for the six properties in question, and the covenants which are unique to each lot are complicated...

The fiduciary roles and opinions of your advisory in this respect are tainted, and also conflicted having on multiple occasions represented no concern having reviewed the semi-annual and annual reports on behalf of State Farm as their 'Promoters, and brokers'. Those statements filed with the Securities and Exchange Commission are the only means whereby an investors confidence and reliance of the risks implied for both the 'State Farm Assurances Funds Trust' are represented by the omissions of PWC, however due to the “non-responsive” brokers, as promulgated and filed under the new 'Advisers Investment Trust' by PWC.

As an obligations of State Farm and the terms of its prospectus while operating as the State Farm Assurances Funds Trust, in a transfer of the leases and rents for cash, represents a liability encumbered by several properties which were transferred to State Farm in May of 2020. The extent of the liability, however, is beyond the scope of your understanding for moral and ethical consideration – should not be neglected by State Farm in this respect and on behalf of its investors.

I would recommend that you make arrangements to speak with me, independent of the ZUCKERS or their counselors, and to avoid any further “conflicted advisement”. If you feel comfortable holding the implied liabilities without speaking with me, I respect your decision and can only wish the best for you and yours in the future.

I can assure you the underlying risks were obstructed by the counselors in the matter of 153974/2020; even having said this, I would implore that you make arrangements to discuss this matter with me directly at 646-256-3609, or via email at your earliest possible convenience.

This is not a letter of demand by any means, and a good faith attempt on my own time to provide you with an unbiased opinion and a “non-conflicting” opinion to assist you.

Most Sincerely,

Bo Dincer

Thank you again for your guidance in this matter Judith, I will get back to you, and hopefully after speaking with Mr. Moore and State Farm in the coming week.

Please enjoy your weekends, and also understand that I will help you to clear the risk of your involvement(s) with matters which pertain to item 50074, and more importantly — without a certain deluge of information of substantially harmful information, all of which has gone undiscovered and for several reporting periods.
